

Selling, Closing and Valuing the Medical Practice (Paperback)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

(Prof. Loyce Runolfsson Jr.)

American Medical Association, United States, 2012. Paperback. Condition: New. Language: English. Brand new Book. Contemplating selling or closing your medical practice. Would you like to know the value of your practice to assess your market position? This comprehensive resource helps you appraise the value of your practice, while broadening your knowledge base and outlining strategic options and alternatives available to determine the most appropriate models and methods for the dissolution of your practice. Selling, Closing, and Valuation of the Medical Practice, begins with preparing to sell and explores initiatives for enhancing the value of the practice, as well as addressing the processes and phases of disengagement. This practical resource provides business insight to questions and challenges faced by practices today, as well as how recent trends have impacted physician decision making for future needs. Organized in three sections, the first part provides both procedural and tactical functions of a practice sale and focuses on disengagement, physician diversification, and practice buy-in and buy-out. The second section focuses on practice closings and considerations relative to closures such as operational, employee, patient notification requirements, real estate and facility, and technology and information systems. The third part addresses the valuation of the medical practice, such as managing the appraiser-client relationship, appraisal regulations, preparing for maximum value, and fair market opinions in physician-hospital compensation relationships. Features include: * Closing checklist -- ensures all elements of the practice are handled appropriately and within the necessary time frame * Charts and graphs -- offer visual applications that emphasize the principles presented * Guidelines and approaches for evaluating the medical practice -- assists in exploring the appraisal process to gain insight into the value of the practice * Easy-to-read format -- geared to a wide range of health care personnel in various environments and se.
